# The top ten world cities listening to Jazz music
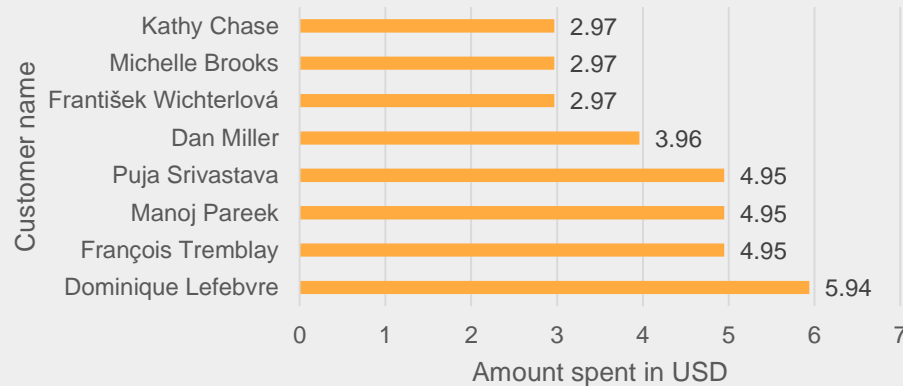

The city of Jazz

Let's say chinook wants to throw a Jazz concert in a city where people are the most familiar with Jazz music.

From the data we got we see that we have to throw our concert in the city of lights Paris...

From the data we extracted we can see Berlin isn't interested in Jazz since it only has one record.

The most valuable customer who listens to Jazz in our platform

the total amount in USD purchased by our loyal Jazz customers

| Customer name	Amount spent in USD
